## Virginia Green Lodging Profile:

### STONEWALL JACKSON HOTEL AND CONFERENCE CENTER

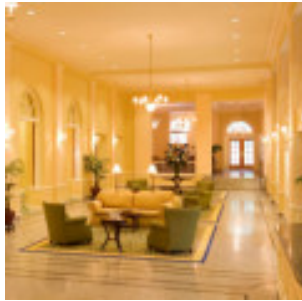

Located adjacent to Staunton, Virginia's historic Main Street the Stonewall Jackson Hotel & Conference Center is in the heart of the scenic and historic Shenandoah Valley. The Stonewall Jackson Hotel originally opened in 1924. It is an architecturally significant hotel that was designed by H.L. Stevens and includes a one of a kind circa 1924 Wurlitzer Organ in the hotel's famous Colonnade Ballroom.

In the past few years, the hotel has undergone a complete renovation to historically preserve its charm while providing modern guest amenities, accommodations and services. As such, the renovations afforded many opportunities to lessen water and energy usage and to minimize the facility's overall environmental impacts.

### Green Lodging Activities

- ✓ Provides **optional linen service** in rooms
